

# Regulatory Affairs Specialist - Medical Devices

Michael Page International (Malaysia) Sdn Bhd

Multiple work locations

Posted 3 hours ago

## Job Description

This role will cover the registration and approval of medical devices according to Malaysian guidelines. You will be a key part of the introduction of new products into the local market.

This will be a 2-year contract role on a new product registration project.

## Client Details

Our client is one of the largest global healthcare companies, with a well-established business in Malaysia.

## Description

- Key responsibilities will involve:
- Managing the entire process for regulatory approval of medical devices
- Analyse data for new product submissions
- Implement regulatory plans and ensure submissions are done in a timely manner
- Engaging with government bodies such as the MDA (Medical Device Authority) to ensure compliance with local guidelines
- Regular reporting on registration status to management
- Keep up-to-date on market trends and devise new registration strategies
- Review advertising materials to ensure guidelines compliance

## Profile

- Key requirements include:
- Bachelor's degree in biotechnology, biomedical science, pharmacy, or a related discipline
- Experience in regulatory affairs in a medical device or pharmaceutical company

- Familiarity with local regulatory bodies such as the MDA (Medical Devices Authority) and NPRA (National Pharmaceutical Regulatory Agency)
- Strong initiative and ability to take the lead on projects
- 

### **Job Offer**

- Great career progression as part of a leading MNC and multiple avenues for the future
- Excellent salary and benefits
- Opportunity to build and expand a strong business into key regions assigned
